PRELIMINARY AMENDMENT

Prior to Examination on the merits, Applicant amends the application as follows:

Drawings

Please replace Figures 4-6 as originally filed in their entirety with new Figures 4-6 attached. As the Figures are being changed so much, submission of a redline copy is not believed helpful or warranted. Applicant directs the Examiner's attention to pages 13-19 in the specification, where support for amended Figures 4-6 can be found. These amendments to the drawings are therefore made to bring the drawings into compliance with the specification as filed, and do not introduce new matter.

Respectfully submitted,
COATS & BENNETT, P.L.L.C.
